

## INTEGRATIVE PROGRAMMING AND TECHNOLOGIES

### WORKING WITH HTTP METHOD AND ROUTES

**Instruction:** Create a Node.js API that contains all four main HTTP methods integrating the nested routes.

#### Important Notes:

1. Use the Hono.js framework for creating a Node.js API.
2. Your API should contain a parent route and a child route.

## INTEGRATIVE PROGRAMMING AND TECHNOLOGIES

### HTTP METHODS WITH MIDDLEWARE INTEGRATION

**Instruction:** Create a Node.js API that contains all four main HTTP methods, each under a middleware.

#### Important Notes:

1. Use the Hono.js framework for creating a Node.js API.
2. Your middleware should be named as ***AppMiddleware***.
3. Your middleware should return ***"This is a middleware..."***.
4. Display the return of your middleware in your terminal.
